

February 12, 1996 LB 754

about fingerprinting. And, as you may recall, we had the discussion if someone could do a fingerprint at home, off of an ink pad, and if it would be his or her. That's essentially what this amendment does, and I think is the area of concern that Senator Chambers had raised. And, as I say, "legible" is a term of art. And I think this also further defines the bill and makes it clear for those who were interested in these particular areas, and I urge adoption of the amendment.

PRESIDENT ROBAK: Thank you, Senator Bohlke. Senator Bernard-Stevens.

SENATOR BERNARD-STEVENS: Thank you, Madam President, members of the body. I, too, rise in support of the amendment. It's one of the many areas of concerns that we had, Senator Bohlke has been gracious enough to work with us on these issues, and the amendment is a good clarification. And I rise also to support the amendment.

PRESIDENT ROBAK: Senator Bohlke. The closing is waived. The question before the body is the adoption of the Bohlke amendment to LB 754. All those in favor vote aye; all those opposed vote nay. Please record.

CLERK: 25 ayes, 0 nays, Madam President, on the adoption of Senator Bohlke's amendment.

PRESIDENT ROBAK: The Bohlke amendment is adopted. Mr. Clerk.

CLERK: Senator Bohlke would move to amend. (Bohlke amendment, FA436, appears on page 756 of the Legislative Journal.)

PRESIDENT ROBAK: The Chair recognizes Senator Bohlke to open on her amendment.

SENATOR BOHLKE: Madam President, members, this is the last amendment that I have filed. This is also a point that Senator Chambers had raised on the floor. He is not here, but it is something he and I had discussed, and it removes the word "indirect" costs, and simply leaves in the bill "direct" costs. I think it makes it a more fiscally responsible bill and therefore I support the amendment.

PRESIDENT ROBAK: Thank you, Senator Bohlke. Senator
